DETAILED ACTION

Information Disclosure Statement

The references cited within the IDS document submitted on June 12, 2006 and August 8, 2006 have been considered.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 53 and 58 are rejected under 35 U.S.C. 102(a) as being clearly anticipated by Chen (6,294,428 B1). See for example figure 2F and related text.

//

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 53 and 58 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Gardner et al. (6,146,934). See for example figures 2F, 3F, 4G and related text.

Allowable Subject Matter

Claims 54-57, 59 and 60 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. (Claims 61 is dependent upon claim 60).

The following reference is cited as being particularly related to the applicant's disclosure: Kim (6,528,371 B2) and Kadosh et al. (5,789,787).
